

Rhode Island Student Loan Authority (A Related Organization to the State of Rhode Island)

REPORTING IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS AND
OFFICE OF MANAGEMENT AND BUDGET UNIFORM GUIDANCE

For the Year Ended June 30, 2022

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Rhode Island Student Loan Authority

Report of the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Rhode Island Student Loan Authority (the Authority), a related organization of the State of Rhode Island, which comprise the statements of financial position as of June 30, 2022, and the related statements of revenues, expenses and changes in net position and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Authority as of June 30, 2022, and the changes in its net position and its cash flows for the year then ended in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audit in accordance with U.S. generally accepted auditing standards (U.S. GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Prior Period Financial Statements

The financial statements of Rhode Island Student Loan Authority as of and for the year ended June 30, 2021 were audited by other auditors whose report dated September 28, 2021 expressed an unmodified opinion on those statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles (U.S. GAAP), and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

U.S. GAAP requires that management's discussion and analysis on pages 4 to 8 be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. GAAS, which consisted of inquiries with

Board of Directors
Rhode Island Student Loan Authority

management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 27, 2022 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

RHODE ISLAND STUDENT LOAN AUTHORITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

Years Ended June 30, 2022 and 2021

The Management's Discussion and Analysis of the financial position of the Rhode Island Student Loan Authority (RISLA or the Authority) is intended to provide an introduction and analytical overview of the financial statements of the Authority on a comparative basis for the fiscal years ended June 30, 2022 and 2021. This unaudited management discussion and analysis should be read in conjunction with the entire audited financial statement including the notes section.

The Rhode Island Student Loan Authority is a public instrumentality of the State and was established in May 1981 by an act of the Rhode Island General Assembly pursuant to Title 16, Section 16-62. The Authority was created for the purpose of providing a system of financial assistance for students to enable them to attain a post-secondary education by attending public or private institutions. To achieve these objectives, the Authority acts as a lender and issues student loans to borrowers which are funded by the issuance of tax-exempt and taxable bonds and other debt obligations. The bonds and other debt, which is issued under various resolutions, are special obligations of the Authority and are payable solely from the revenues and investments pledged under each resolution.

In FY 2022, RISLA continued to offer the RISLA Student Loan program, which is a fixed rate loan product that offers attractive terms, conditions, and benefits as compared to other student loan programs in the market. This loan program gives student borrowers two options. Students could choose a ten-year immediate repayment option at a 3.74% fixed rate with automatic payment or choose a deferred repayment option at a fixed rate of 4.74% for a fifteen-year term with automatic payment. No payments are required on the 15-year loan until six months after the student graduates or leaves school. A parent loan was also offered, which is a ten-year loan with a fixed interest rate of 4.54% with automatic payment. RISLA was able to offer these low fixed rates with no upfront or origination fees for all borrowers and loan types. During FY 2022 RISLA originated approximately \$81.6 million in RISLA Student and Parent Loans which was a 22% increase as compared to the prior year.

Beginning in Fiscal Year 2015, RISLA was the first state-based organization to offer a refinancing program for borrowers with private or Federal student loans. The refinancing program provides borrowers the opportunity to ease their financial burden with the security of low, fixed rates and favorable repayment terms. For FY 2022, RISLA refinanced over \$73 million of student loans for 1,526 borrowers, which was an increase of 24% as compared to the prior year. The refinancing program helped borrowers save on average over \$3,200 in interest costs over the term of the loan. RISLA has secured \$105.7 million in bond proceeds to fund its in-school and refinancing programs for Fiscal and Academic year 2023.

RISLA has offered college access initiatives through its College Planning Center of Rhode Island (CPC) since 1998. The CPC is currently operating from an office in Warwick, R.I., and provides free expert and personal assistance to students and parents in the areas of college admission and financial aid. In FY 2022, the staff at the CPC provided assistance to over 11,150 individuals and hosted 71 financial aid seminars. The CPC also provides a searchable data base of 400+ hard to find, local scholarships. RISLA and the CPC work closely with the Spanish and Latino speaking population in Rhode Island with a goal of increasing college attendance and success among the Latino residents of the state.

RISLA offers a loan that requires no interest payments (zero % interest) for the first four years of repayment through the Nursing Reward Program. Eligible applicants must have a RISLA Student or Parent Loan issued between July 1, 2011 and June 30, 2022 and work in a licensed Rhode Island health care facility providing direct patient care. Forty-three nurses are currently enrolled in the Rewards Program. An eligible nursing student with a \$15,000 loan balance can potentially save over \$2,000 in interest payments with RISLA's Nursing Rewards Program.

Along with the nursing rewards program RISLA offers a loan forgiveness program for students who participate in qualifying internships. The program is designed to reduce student indebtedness while helping them improve their marketability to employers after college and gaining first-hand experience in their chosen career path. Under the program, students can earn loan forgiveness up to \$2,000 by completing an eligible internship. The program is

RHODE ISLAND STUDENT LOAN AUTHORITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

Years Ended June 30, 2022 and 2021

open to all Rhode Island residents attending college or students attending an institution of higher education in the state.

Beginning in FY 2021, RISLA initiated an Employer Student Loan Repayment Program. It is designed to assist employers with meeting their recruitment and retention goals and provide employees with financial wellness tools and develop practical strategies to help repay their student loans. RISLA also provides management services for employers that offers student repayment benefits.

RISLA owns and administers a portfolio of federally guaranteed Stafford, PLUS and Consolidation loans issued under the Federal Family Education Loan Program (FFELP) which had a principal balance of \$91,885,517 at June 30, 2022. The Biden Administration announced on August 24, 2022 a loan forgiveness program for federal student loan borrowers. As currently proposed, the U.S. Department of Education will provide up to \$20,000 in debt cancellation to Pell Grant recipients and up to \$10,000 in debt cancellation to non-Pell recipients. Borrowers are eligible for this relief if their individual income is less than \$125,000 or \$250,000 for households. If this plan is implemented, it may cause an accelerated prepayment of RISLA's federal loans. RISLA does not expect this program to have a significant financial impact going forward.

The Financial Statements

The Authority's financial statements are a series of reports that detail financial information that are prepared in accordance with the accounting principles generally accepted in the United States of America (GAAP) as set forth by the Governmental Accounting Standards Board (GASB). The financial records of the Authority are maintained utilizing the accrual basis of accounting in which revenues are recognized in the period in which they are earned and expenses are recognized in the period in which they are incurred.

The statement of net position includes all the Authority's assets, liabilities and deferred inflows/outflows of resources. The statement also presents the balance of assets in excess of liabilities and deferred inflows/outflows of resources or net position.

The statement of revenues, expenses and changes in net position present the results of the Authority's operations. The statement reports all revenues and expenses and reconciles the beginning and the end of year net position balances.

The statement of cash flows supplements these statements providing relevant information about cash receipts and payments for the Authority.

The notes to the financial statements are an integral part of the financial statements and contain information necessary to get a complete view of RISLA's financial position.

Financial Highlights

RISLA had a very successful year with regards to originations for the RISLA Student Loan (non-federal) which is an industry leading fixed rate student loan that has been available for 30 years. The RISLA Loan offers borrowers the choice of a 10-year loan term with payments due after final disbursement (Immediate Repay Loan) or a 15-year loan term with payments beginning six months after graduation (Deferred Loan). RISLA originated approximately \$83.6M in RISLA student loans in FY 2022. RISLA also offers fixed-rate refinanced loans with terms of 5, 10, and 15 years. Originations for refinanced loans totaled approximately \$73.5M in FY 22. The combined origination volume of \$155.1M is \$28.3M or 22% greater than FY 21.

RISLA issued \$105,670,000 in new taxable and tax-exempt bonds in the last quarter of Fiscal Year 2022 which will be used to fund RISLA's In-School, Parent and Refinancing loans in Fiscal Year 2023.

RHODE ISLAND STUDENT LOAN AUTHORITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

Years Ended June 30, 2022 and 2021

Change in net position at June 30, 2022 was \$3.7M. Total operating revenues decreased slightly by \$664k and operating expenses increased by \$1.1M. Details for operating revenues and expenses are discussed further in the Statements of Revenues, Expenses, and Changes in Net Assets section below.

Financial Analysis

Statement of Financial Position

Total Assets - Student loan receivables are the largest component of assets and increased from \$546.9M on June 30, 2021 to \$566.3M on June 30, 2022 (net of allowance), which represents an increase of 3.5%. Loan Receivables consist of two major categories of loans, FFELP and non-federal. The FFELP loans have been consistently decreasing since the program was terminated by the Department of Education in 2010 and for FY22 decreased by \$21.2M or 18.7% as compared to FY21. Oppositely, the non-federal loans increased by \$42.2M or 8.6%. The other significant component of assets is cash and investments restricted by the terms of various trust indentures. This increase was the result of increased borrower payments received for FY22 as compared to FY21. Restricted cash and investments increased from \$164.1M at June 30, 2021 to \$178.4M at June 30, 2022. Restricted cash and investment balances are primarily used to acquire student loans, retire bonds and other bank debt, and pay semiannual interest payments.

Total Liabilities - Total liabilities at June 30, 2022 increased by \$29.3M as compared to June 30, 2021, which represents an increase of 5.4%. Overall, bond debt outstanding comprises over 98% of the total liabilities. Bond debt increased from \$523.8M at June 30, 2021 to \$561.1M at June 30, 2022. This increase was the net result of new issuances and bond redemptions that occurred during FY 22.

Net Position - For fiscal year ended June 30, 2022, the Authority's total assets exceeded the total liabilities by \$199.2M for an increase of 1.9% as compared to June 30, 2021. A condensed summary of the Authority's net assets at June 30 is shown below.

Statement of Net Position

	(in thousands)		Percentage Change
	2022	2021	
Other assets	\$770,104	\$737,272	4.45%
Capital assets	50	96	-47.92%
Total Assets	770,154	737,368	4.45%
Current liabilities	30,968	30,160	2.68%
Noncurrent liabilities	539,797	511,262	5.58%
Total Liabilities	570,764	541,422	5.42%
Deferred Inflows of Resources	157	406	-61.33%
Net Position			
Investment in capital assets	50	96	-47.92%
Restricted for debt service	118,517	129,636	-8.58%

RHODE ISLAND STUDENT LOAN AUTHORITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

Years Ended June 30, 2022 and 2021

Statements of Revenues, Expenses, and Changes in Net Position

Total Operating Revenues – The Authority's revenues include interest income on Federal and non-federal student loans, various federal interest subsidies and special allowance payments, interest earned on investments and fee income. The Authority's operating revenues for the year ended June 30, 2022 was \$29.0M which was a decrease of 2.2% as compared to fiscal year ended June 30, 2021. Operating revenues are predominantly derived from student loan interest income from FFELP (net of ED Special Allowance payments), RISLA in-school, and refinanced loans. These student loan revenues decreased by 1.9% for the year ended June 30, 2022.

Total Operating Expenses - The Authority's operating expenses at June 30, 2022 was \$25.3M which increased by \$1.1M or 4.5% as compared to the year ended June 30, 2021 total of \$24.2M. Bond and Note interest expense comprises 50% of the total operating expenses and for the fiscal year ended June 30, 2022 decreased by \$1.1M or 7.7% as compared to June 30, 2021. This overall decrease in bond and note interest expense can be traced to the reduction in interest rates being charged on the LIBOR floating rate notes associated with the FFELP loans as well as lower interest rates charged for the latest bond issuances for non-federal loans.

The change in provision for loan losses and bond issuance costs were two additional line items of operating expenses that increased as compared to the prior year. The provision for loan losses increased by \$1.1M and is the direct result of having a higher principal balance of loan receivables at June 30, 2022 as compared to June 30, 2021. The bond issuance costs increased by \$636k since there were two bond issuances in FY22 as compared to one for FY 21.

Changes in Net Position - The Authority's changes in net position for the fiscal years ended June 30, 2022 and 2021 was \$3.7M and \$5.5M respectively, which was a decrease 32.3%.

Statement of Revenues, Expenses, and Changes in Net Position

	(in thousands)		Percentage Change
	2022	2021	
Borrower interest on student loans	\$32,127	\$33,614	-4.42%

Years Ended June 30, 2022 and 2021

Debt Administration

RISLA funds student loan notes receivable by issuing tax-exempt and taxable bonds and taxable bank term financing. Tax-exempt bonds must receive an allocation of the State of Rhode Island private activity bond volume ceiling or "cap". The bonds issued by RISLA must comply with state and federal statutes and with rules and regulations of the U.S. Treasury Department and the U.S. Securities and Exchange Commission. Detailed information on RISLA's debt is presented in Note 6 of the financial statements.

Request for Information

This financial report is designed to provide a general overview of the Authority's financial activity and results. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Rhode Island Student Loan Authority, 935 Jefferson Blvd., Suite 3000, Warwick, Rhode Island, 02886.

(Dollars in Thousands)

Organization

The Rhode Island Student Loan Authority (the Authority) is a public instrumentality established in May 1981 by an Act of the Rhode Island General Assembly, and therefore, the Authority is a related organization of the State of Rhode Island for financial reporting purposes. The Authority was created for the purpose of providing a system of financial assistance for qualified students to enable them to obtain a post-secondary education by attending public or private institutions. In achieving its objective, the Authority acts as a lender and issues student loans to borrowers, which are funded by the issuance of tax-exempt bonds and other debt. The Authority has the power to issue negotiable notes and bonds to achieve its corporate purposes. The bonds and other debt, which are issued under various resolutions, are special obligations of the Authority and are payable solely from the revenues and investments pledged under each resolution.

1. Summary of Significant Accounting Policies

Basis of Accounting

The accounts of the Authority are maintained in accordance with the principles of proprietary fund accounting as set forth by the Governmental Accounting Standards Boards (GASB), utilizing the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned, regardless of when received in cash, and expenses are recognized when the related liability for goods and services is incurred, regardless of when payment is made.

Basis of Presentation

In order to ensure observances of limitations and restrictions placed on the use of resources available to the Authority, the accounts of the Authority are maintained in accordance with the principles of fund accounting. This is a procedure by which resources for various purposes are classified for accounting and reporting purposes into funds that are in accordance with activities or objectives specified. Separate accounts are maintained for each fund.

Income Taxes

The Authority is exempt from Federal and State income taxes.

Bond Issuance Costs

Bond issuance costs incurred in connection with bonds payable are reported as an expense in the year incurred.

RHODE ISLAND STUDENT LOAN AUTHORITY

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in Thousands)

Operating Revenues and Expenses

Operating revenues and expenses generally result from providing services in connection with the Authority's principal ongoing student loan operations. The Authority's operating revenue is derived primarily from income on student loans consisting of loan interest, and earnings (losses) on investing activities and fee income. The Authority's operating expenses are related to student loan origination, servicing activities and general administration. All items of revenue and expense are reported as operating revenues and expenses in the statement of revenues, expenses and changes in net position.

Restricted and Unrestricted Resources

When both restricted and unrestricted amounts are available for use, it is the Authority's practice to use restricted resources first.

Capital Assets

Capital assets are stated at cost. Capital assets are defined by the Authority as assets with an individual cost of \$2,500 or more and an estimated useful life in excess of one year. The Authority provides for depreciation using the straight-line method over the estimated useful life of the asset. The Authority estimates the useful life for leasehold improvements to be the same as the term of the lease, three years for computer equipment and five years for furniture and fixtures. Depreciation expense for the years ended June 30, 2022 and 2021 totaled \$56 and \$114, respectively.

Student Loans Receivable

The Authority originates and holds non-federal education student loans that are not guaranteed under the Federal Higher Education Act. These loans are funded utilizing credit criteria reviewed by the rating agencies and primarily financed by bonds issued by the Authority and authorized under a resolution approved by the Board. The Authority has an additional loan program for current student loan borrowers to refinance their student loan into a new debt instrument. The Authority is also a holder of federally guaranteed student loans under the Federal Family Education Loan Program (FFELP).

FFELP student loans and the accrued interest thereon purchased or originated by the Authority are fully guaranteed for loans disbursed prior to September 30, 1993, are guaranteed at 98% for loans disbursed between October 1, 1993 and June 30, 2006, and are guaranteed at 97% for loans disbursed between July 1, 2006 and June 30, 2010. The Authority's FFELP loans are substantially insured by the United States Department of Education.

RHODE ISLAND STUDENT LOAN AUTHORITY

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in Thousands)

Student Loans Receivable (Concluded)

Student loans are carried at their uncollected principal balances and are reduced by an allowance for loan losses of \$57,079 and \$55,368 at June 30, 2022 and 2021, respectively. The allowance for loan losses is determined by management's evaluation of the student loan portfolios. This evaluation considers such factors as historical loss experience, quality of student loan servicing and collection, and economic conditions. When this evaluation determines that an exposure to loss is probable and reasonably estimated, a provision against current operations net of student loan recoveries is recorded. Actual losses are charged against the allowance for loan losses as they occur.

Interest on Loans Receivable

Interest on loans receivable is calculated using the simple interest method. Interest is accrued on loans receivable from the date of the last repayment installment to the date of the financial statements. While the Authority continues to accrue interest due on all loans, the provision for loan losses factors in the potential uncollectability of both loan principal and accrued interest.

Bond Premiums and Discounts

The bond premiums and discounts are amortized using the straight-line method over the term of the bonds series to which it relates.

Cash and Cash Equivalents

The Authority considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Under the Rhode Island General Law Section 35-10.1, Rhode Island Collateralization of Public Deposits Act, the Authority must have their funds collateralized 100% for all time deposits with maturities over 60 days and for all deposits if the depository institution does not meet its minimum capital standards as required by its federal regulators.

Vacation and Sick Leave

The Authority provides all full-time employees with at least two weeks of vacation time per calendar year. Employees can carry over up to a maximum of two times their annual allocation. At time of termination, the employee is entitled to all accrued vacation time. The fiscal year end accrual is determined using the employee's pay scale at that time.

The Authority provides employees with three weeks of sick time per calendar year which can be accrued up to a maximum of six months. Sick time is not payable to the employee upon termination.

Accrued Arbitrage Rebate Liability

Interest income to the Authority from investments and student loans is limited by U.S. Treasury regulations. Interest income earned in excess of the allowable amounts will be remitted to the Federal Government as required by the applicable laws and regulations.

RHODE ISLAND STUDENT LOAN AUTHORITY

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in Thousands)

Interest income from student loans is limited to 2% over bond yield of the related tax-exempt bond issue. Student loans, including principal and accrued interest, and cash have been reserved for rebate in the amount of the interest income which exceeded the limit.

Deferred Outflows and Inflows of Resources

Deferred outflows of resources are reported with assets in the statement of net position and represent a consumption of net position that applies to a future period, and so will not be recognized as an outflow of resource (expense) until that later date. As of June 30, 2022 and 2021, there were no deferred outflows of resources.

Deferred inflows of resources are reported with liabilities in the statement of net position and represent the acquisition of net position that applies to a future period, and therefore will not be recognized as a inflow of resources (revenue) until a later date. At June 30, 2022 and 2021, unavailable loan origination fees represent a 4% loan origination fee which was assessed on certain loans at the time the loan entered a repayment status and is collected over the term of the loan. The unavailable loan origination fees reported as deferred outflows were \$157 and \$406 as of June 30, 2022 and 2021, respectively.

Net Position

Net position is classified in the following three components: investment in capital assets; restricted for debt service; and unrestricted net position. Investment in capital assets consists of all capital assets, net of accumulated depreciation and reduced by outstanding debt that is attributable to the acquisition, construction and improvement of those assets. Any debt related to unspent bond proceeds or other cash and investments is excluded from the determination. At June 30, 2022 and 2021, the Authority had no debt related to its capital assets. Restricted for debt service consists of net position for which constraints are placed thereon by external parties, such as lenders, grantors, contributors, laws, regulations and enabling legislation, including self-imposed legal mandates. Unrestricted consists of all other net position not included in the above categories.

Bond Trusts

The financial activity associated with each of the Authority's Student Loan Program Revenue Bonds is recorded in the trust established for each such bond issue. In accordance with the Trust Indenture, the accounts held by the trustee are restricted for the "equal and ratable benefit and security of the bondholders." All revenues derived from program activities are deposited in the revenue account applicable to each individual bond series as specified in the Trust Indenture. The trustee is then directed to pay items from the revenue account in specific priority order, including periodic transfers to the Authority's operating account in an amount sufficient to pay for its program expenses including: salaries, utilities, office rent, legal, accounting, and other related expenses. Such transfers to the Authority's operating account are limited in amount pursuant to the respective Bond issue trust indenture.

RHODE ISLAND STUDENT LOAN AUTHORITY

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in Thousands)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The most significant estimate utilized in the preparation of the financial statements of the Authority relates to the allowance for loan losses on student loans.

2. Cash and Cash Equivalents and Fair Value of Financial Instruments

The following represents a summary of cash and cash equivalents as of June 30, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Cash	\$ 1,075	\$ 5,397
Cash equivalents:		
Short-term U.S. securities	147,638	123,629
Money market deposit accounts	<u>30,389</u>	<u>35,656</u>
Total cash and cash equivalents	<u>\$ 179,102</u>	<u>\$ 164,682</u>

At June 30, 2022 and 2021, cash is comprised of various commercial bank accounts. The bank balances at June 30, 2022 were \$179,554 and the bank balances at June 30, 2021 were \$166,256. The difference between the bank balances and the amounts recorded on the statement of net position represent reconciling items, including outstanding checks and deposits in transit at fiscal year end. As of June 30, 2022, \$250 of the bank balances were covered by Federal Deposit Insurance Corporation (FDIC) insurance, and the additional \$2,089 of the bank balances were secured through an additional collateralization policy with the bank.

At June 30, 2022 and 2021, the money market deposit accounts are held in various short-term investment and deposit accounts at US Bank. These funds are collateralized in excess of FDIC limits. The short-term U.S. securities are funds held in U.S. government securities and repurchase agreements collateralized by such obligations.

The restriction of cash and cash equivalents is for the payment of bonded debt and the issuance of student loans and related expenses. The restricted cash and cash equivalents are held by the trustee, U.S. Bank, as collateral for the Bonds (see Note 5).

(Dollars in Thousands)

3. Student Loans Receivable

Student loans receivable represent the unpaid portion of non-federal and Federal Family Education Loans Program (FFELP) student loans originated or purchased by the Authority.

Non-federal student loans include undergraduate, graduate, and parent education loans that have fixed interest rates. Repayment terms for these loans are either 10 or 15 year terms. A borrower can choose an immediate repayment option which has a 10 year term that begins 45 days after the final disbursement, or a deferred repayment option which has a 15 year term that begins six months after leaving school. In addition, RISLA offers fixed rate refinanced loans which have terms of 5, 10 and 15 years. Repayment on these loans begins on the first month after the loan is disbursed. Non-federal origination fee expenses are included with loan servicing and acquisition costs in the accompanying statements of revenues, expenses and changes in net position.

The FFELP loans have both fixed and variable interest rates which are established by the U.S. Department of Education (ED), and repayment terms which are dependent on the loan type. The return on FFELP loans that lenders realize is based on formulas administered by the ED and is dependent on loan type and date of origination. Any payment by borrowers in excess of the formulas must be returned to the ED for loans originated after April 1, 2006. ED subsidizes the interest for certain FFELP loans during the borrowers' in-school, in-grace, and authorized deferment periods. The subsidized interest rate is determined by a formula and based on indexes published by the ED. The interest subsidy is included with interest income on loans receivable in the accompanying statements of revenues, expenses and changes in net position. These loans are guaranteed by the ED under a guarantee agreement (Note 11), and other guarantors which have guarantee agreements covering all or a substantial portion of each loan with ED

Student loans receivable as of June 30, 2022 and 2021, consist of:

	<u>2022</u>	<u>2021</u>
Non-federal education loans receivable	\$ 531,483	\$ 489,254
FFELP loans receivable	91,886	113,038
Allowance for loan losses	<u>(57,079)</u>	<u>(55,368)</u>
Net student loans receivable	<u>\$ 566,290</u>	<u>\$ 546,924</u>

4. Operating Leases

The Authority has a lease with 935 Jefferson, LLC (an unrelated third party), that commenced in June 2016 and ends on June 30, 2028. Monthly payments for the year ended June 30, 2022 are \$20, and increase based on the square footage of rented space beginning July 1, 2023. The Authority also has a lease with Warwick Mall Owner, LLC that commenced on October 1, 2019 with an expiration date of September 30, 2022. The monthly payments are \$3 per month for the period October 1, 2020 through September 30, 2021 and \$3 per month for the period October 1, 2021 through September 30, 2022. Lease expense for the years ended June 30, 2022 and 2021 was \$308 and \$315, respectively. Future lease payments are as follows:

2023	\$	261
2024		240
2025		245
2026		250
2027		255
2028		<u>260</u>
	\$	<u>1,511</u>

5. Bonds Payable

The following schedule summarizes the Authority's outstanding bonds payable as of June 30, 2022 and 2021. The Authority has issued the following to finance the origination of new non-federal loans, to refinance existing loans or to refund certain obligations. The bonds are secured by eligible student loans, monies in restricted funds established by the trust indenture including investment earnings, payment of principal and interest, federal interest subsidy payments, special allowance payments, claim payments by United States Department of Education, and proceeds of any sale or assignment by the Authority of any loans. Maturity dates listed below may vary from the bonds official statement due to redemptions ahead of the original payment schedule.

During the years ended June 30, 2022 and 2021, prior to the stated maturity date, the Authority redeemed bonds from various Student Loan Program Revenue Bonds. The Bonds were retired at par of the Bond's stated par value of 100% in 2022 and 2021, respectively. Outstanding bonds payable of \$73,475 and \$91,800 were redeemed which resulted in no gain in 2022 and 2021, respectively.

RHODE ISLAND STUDENT LOAN AUTHORITY

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in Thousands)

5. Bonds Payable (Concluded)

The bonds are secured by eligible student loans, monies in restricted funds established by the trust indenture including investment earnings, payment of principal and interest, federal interest subsidy payments, special allowance payments, claim payments by United States Department of Education, and proceeds of any sale or assignment by the Authority of any loans.

The Chief Executive Officer of the United Kingdom's Financial Conduct Authority announced that it would phase out the London Interbank Offered Rate ("LIBOR") by June 2023. LIBOR is a set of benchmark or reference rates for unsecured money-center bank borrowings in the London inter-bank market. Rates for all terms and currencies are published daily and are broadly used as an index for financial transactions across the world. RISLA has issued bonds that are indexed off the LIBOR including RISLA's 2012-1, RISLA's 2012-2 and RISLA's 2014-1 bond issues. In addition, RISLA's FFELP loan special allowance payments ("SAP") to the US Department of Education are indexed against LIBOR. Government regulators and market participants are evaluating the potential impact of the elimination of LIBOR and discussing potential replacements for LIBOR. RISLA management will continue to monitor developments with LIBOR and believes that the phase-out will have no material impact on RISLA's financial statements.

Pursuant to the terms of the various Trust Indentures, the Authority placed the proceeds of the bonds into various restricted funds. The loan fund was established to account for all recoveries of principal and any amounts which are required to be deposited therein pursuant to the Trust Indentures and to fund the origination and purchase of eligible student loans as described in the Trust Indenture.

The revenue fund was established for the recoveries of interest investment earnings from all accounts and for interest payments. The reserve fund was established for the payment of interest in the event that the Authority does not have sufficient funds from other sources.

The required reserve for the April 2015, May 2016, May 2017, May 2018, April 2019 and May 2020 bond issues is 3% of bond principal outstanding with a minimum requirement of \$3,828,100 for all outstanding senior obligations outstanding. The required reserve for the August 2012 bond issue is the greater of 0.25% of the principal bonds outstanding or \$250,000. The required reserve for the November 2012 bond issue is the greater of 0.25% of principal bonds outstanding or \$390,000. The required reserve for the June 2014 bond issue is \$250,000.

The required reserve for the July 2018, August 2019, May 2021, November 2021, and May 2022 bond issues is 2% of the principal amount of the outstanding bonds or \$2,676,950 for all outstanding obligations, whichever is greater.

The Trust Indentures also require the establishment of other restricted funds (administrative and rebate funds). The Authority also established the restricted clearing account to account for transfers between restricted funds. The Authority has been in compliance with the respective debt covenants as outlined in the Trust Indentures for fiscal years 2022 and 2021.

RHODE ISLAND STUDENT LOAN AUTHORITY

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in Thousands)

6. Notes Payable (Concluded)

The following schedule reflects the changes in notes payable:

Balance at June 30, 2020	\$	24,586
Redemptions		<u>(10,900)</u>
Balance at June 30, 2021	\$	13,686
Redemptions		<u>(7,622)</u>
Balance at June 30, 2022	\$	<u>6,064</u>

The notes are secured by certain student loans originated by the Authority as well as certain additional pledged assets. As part of the above financing's, the Authority was required to meet certain financial covenants. As of June 30, 2022, the Authority was in compliance with these covenants.

Debt service requirements for notes payable as of June 30, 2022 were as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ 2,314	\$ 114	\$ 2,428
2024	1,154	74	1,228
2025	1,154	47	1,201
2026	1,154	21	1,175
2027	<u>288</u>	<u>1</u>	<u>289</u>
	<u>\$ 6,064</u>	<u>\$ 257</u>	<u>\$ 6,321</u>

7. Loan Servicing Agreements

In April 2011, the Authority entered into a servicing agreement with Nelnet Servicing LLC (“Nelnet”), under which Nelnet collects and accounts for the principal and interest on FFELP loans originated and purchased by the Authority and placed with Nelnet for servicing for a monthly fee, which is based on the borrower status of the loans being serviced. Nelnet is also responsible for servicing the loans in a diligent manner according to regulations established by ED. This agreement is in effect until terminated or modified.

In July 2010, the Authority entered into a servicing agreement with University Accounting Services (“UAS”) under which UAS provides access to their servicing system software and the Authority collects and accounts for the principal and interest on the private loans that the Authority originated. UAS is responsible for maintaining the servicing system. The fees charged are based upon the volume and types of loans being serviced on a monthly basis. The contract does call for certain payments to be processed by UAS and these transactions are charged on a per transaction basis. This agreement is in effect until terminated or modified.

8. Defined Contribution Retirement Plan

The Authority has a defined single-employer contribution plan established pursuant to Section 403(b) of the Internal Revenue Code, which provides pension benefits for all of its full-time employees. Employees are eligible to participate on the first month following employment. The Authority contributes 10% of employee’s salary each month and all contributions and investment earnings are fully vested immediately. Employer contributions for June 30, 2022 and 2021 amounted to \$338 and \$311, respectively.

9. Risk Management

The Authority is exposed to various risks of loss related to torts; errors and omissions; and workers’ compensation claims for which the Authority carries commercial insurance. Settled claims resulting from these risks have not exceeded the Authority’s coverage in any of the past three fiscal years and there have been no significant reductions in insurance coverage. Accordingly, management has not booked a reserve for such claims as of June 30, 2022 and 2021.

10. Uncertainty

On March 11, 2020, the World Health Organization declared Coronavirus disease (COVID-19) a global pandemic. Most sectors are experiencing disruption in business operations. Although management does not expect this matter to materially impact operating results, the related financial impact and duration cannot be reasonably estimated.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors
Rhode Island Student Loan Authority

We have audited, in accordance with U.S generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Rhode Island Student Loan Authority (the Authority), a related organization of the State of Rhode Island, as of and for the year ended June 30, 2022, and the related notes to the financial statements, and have issued our report thereon dated September 27, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Board of Directors
Rhode Island Student Loan Authority

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
FOR THE MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE; AND REPORT ON SCHEDULE
OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY UNIFORM GUIDANCE**

Board of Directors
Rhode Island Student Loan Authority

Report on Compliance for the Major Federal Program

Opinion on the Major Federal Program

We have audited Rhode Island Student Loan Authority's (the Authority) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on the Authority's major federal program for the year ended June 30, 2022. The Authority's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2022.

Basis for Opinion on the Major Federal Program

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the Authority's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Authority's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Authority's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Authority's compliance with the requirements of its major federal program as a whole.

In performing an audit in accordance with U.S. generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Authority's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Authority's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the Authority as of and for the year ended June 30, 2022, and have issued our report thereon dated September 27, 2022, which contained an unmodified opinion on those financial statements. Our audit was performed for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

Berry Dunn McNeil & Parker, LLC

Manchester, New Hampshire

RHODE ISLAND STUDENT LOAN AUTHORITY

Schedule of Expenditures of Federal Awards

Year Ended June 30, 2022

<u>Federal Grant or Program Title</u>	<u>Federal AL Number</u>	<u>Pass-Through Identifying Number</u>	<u>Total Federal Expenditures</u>
U.S. Department of Education:			
<i>Direct Programs:</i>			
Federal Family Education Loan Program	84.032	N/A	\$ 113,038,186
Federal Interest Benefit	84.032	N/A	<u>123,779</u>
Total Expenditures of Federal Awards			\$ <u>113,161,965</u>

See accompanying notes of the schedule of expenditures of federal awards.

RHODE ISLAND STUDENT LOAN AUTHORITY

Notes to Schedule of Expenditures of Federal Awards

Year Ended June 30, 2022

1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal awards activity of Rhode Island Student Loan Authority (the Authority) for the year ended June 30, 2022. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a portion of the operations of the Authority, it is not intended to and does not, present the financial position, changes in net position or cash flows of the Authority.

2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

3. Indirect Costs

The Authority has elected not to use the 10% de minimis indirect cost rate allowed under Uniform Guidance.

4. Federal Student Loan Programs

The federal student loan program listed below is administered by the Authority, and balances and transactions relating to this program are included in the Authority's basic financial statements. Loans outstanding at the beginning of the year and loans made during the year are included in the federal expenditures presented in the Schedule. The balance of loans outstanding at June 30, 2022 consists of:

<u>AL Number</u>	<u>Program Name</u>	<u>Outstanding Balance at June 30, 2022</u>
84.032	Federal Family Education Loan Program	\$91,885,517

5. Federal Interest Benefit and Special Allowance Payments

Interest benefits and special allowance payments are received from the United States Department of Education (ED) on eligible student loans pursuant to the provisions of Title IV, Sections 682.300 and 682.301 of the Guaranteed Student Loan Program.

ED pays interest on the unpaid principal balance that accrues before the student loan goes into repayment, including any period in which the borrower has an authorized deferment.

Special allowance payments are received on all eligible student loans beginning when the loan is disbursed. The amount of the special allowance is based upon the difference between the interest rate of the student loans and a market interest rate established by the United States Department of Education. In addition to special allowance payments received by the Authority, ED will calculate and require repayment of excess special allowances based on changes in the portfolio. In 2022, the Authority repaid \$3,687,473 in special allowance payments to the United States Department of Education.

RHODE ISLAND STUDENT LOAN AUTHORITY

Schedule of Findings and Questioned Costs

Year Ended June 30, 2022

Section I - Summary of Auditor's Results

Financial Statements

Type of auditor's report issued: Unmodified
Internal control over financial reporting:
