## INDEPENDENT AUDITORS' REPORT

To the Board Members  
**Rhode Island Student Loan Authority**

### *Report on the Financial Statements*

We have audited the accompanying financial statements of the Rhode Island Student Loan Authority, (a related organization of the State of Rhode Island), as of and for the year ended June 30, 2014, and the related notes to the financial statements, as listed in the table of contents.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatements, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves procedures to obtain audit evidence about the amounts and disclosures in the financial statements. These procedures selected depend on the auditors' judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## ***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Rhode Island Student Loan Authority as of June 30, 2014, and the respective changes in financial position and cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

## ***Adjustments to Prior Period Financial Statements***

The financial statements of the Rhode Island Student Loan Authority as of and for the year ended June 30, 2013, were audited by other auditors whose opinion dated September 30, 2013, on those statements was unmodified. As discussed in Note 13, the Rhode Island Student Loan Authority has restated its 2013 financial statements during the current year in accordance with the implementation of GASB No. 65 – *Items Previously Reported as Assets and Liabilities*. The other auditors reported on the 2013 financial statements before the restatement.

As part of our audit of the 2014 financial statements, we also audited adjustments described in Note 13 that were applied to restate the 2013 financial statements. In our opinion, such adjustments are appropriate and have been properly applied. We are not engaged to audit, review, or apply any procedures to the 2013 financial statements of the Rhode Island Student Loan Authority other than with respect to the adjustments and, accordingly, we do not express an opinion or any other form of assurance on the 2013 financial statements as a whole.

## ***Prior Period Financial Statements***

The financial statements of the Rhode Island Student Loan Authority as of June 30, 2013 were audited by Braver P.C. whose practice was combined with Marcum LLP as of January 1, 2014, and whose report dated September 30, 2013 expressed an unmodified opinion on those statements.

## **Other Matters**

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on Pages 4-8 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 27, 2014 on our consideration of the Rhode Island Student Loan Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Rhode Island Student Loan Authority's internal control over financial reporting and compliance.

**RHODE ISLAND STUDENT LOAN AUTHORITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2014**

As management of the Rhode Island Student Loan Authority (RISLA or the Authority), we offer readers of RISLA's financial statements this overview and analysis of our financial activities for the fiscal year ending June 30, 2014. RISLA's management encourages readers to review the entire financial report and contact us with any questions or comments.

RISLA continues to find ways to help students and parents reduce their cost of attending college. In FY 2014, RISLA continued to offer its Rhode Island Fixed Rate program. This program offered borrowers two options. Students attending college in Rhode Island and State residents attending an out of state school could choose a ten year immediate repayment option at a 5.39% fixed rate. Students could also choose a deferred repayment option at a fixed rate of 7.49% for a fifteen year term from the time the student leaves school and enters repayment. RISLA was able to offer these low fixed rates as well as waive the origination fee for all borrowers that choose the immediate repayment option or take an online financial literacy course. RISLA management believes that the Rhode Island Fixed Rate Loan offers attractive terms and conditions as compared to other student loan programs in the market. In FY 2015, RISLA will decrease the fixed interest on a ten year immediate repayment loan to 4.99% and also decrease the fixed interest rate on a 15 year term loan to 6.74%. RISLA originated approximately \$32 million in fixed rate loans to borrowers in FY 2014.

RISLA continues to promote the value and benefits of college internships in collaboration with the Association of Independent Colleges and Universities of Rhode Island, The Rhode Island Board of Education, and the Greater Providence Chamber of Commerce. The goal of the partnership is to help match Rhode Island employers with talented students through the website [www.bridge.jobs](http://www.bridge.jobs). The partnership and website has as of June 30, 2014 registered 3,808 students, 685 employers and currently lists 445 internships. RISLA hosts the website and markets the program to employers and colleges across Rhode Island.

RISLA continues to offer college access initiatives through its College Planning Center of Rhode Island (CPC). Since 1998, The College Planning Center of Rhode Island has provided free expert and personal assistance to students and parents in the areas of college admission and financial aid. In fiscal year 2014, the staff at the CPC provided assistance to approximately 14,823 contacts which represents a 15.8% increase over the prior year. The College Planning Center currently operates three locations which are in Warwick, Bristol, and Cumberland. The CPC also provides a searchable data base of hard to find local scholarships. RISLA and the CPC work closely with the Spanish and Latino speaking population in Rhode Island with a goal of increasing college attendance and success among the Latino residents of the state.

RISLA also administers a student loan forgiveness program that is funded by the Rhode Island Foundation. Under this arrangement, RISLA manages all aspects of the program according to policy guidelines established by the Foundation. The program offers student loan forgiveness to qualified applicants for three different professions, Primary Care Physicians, Nurse Practitioners and Physicians Assistants, and Dentists and Dental Hygienists. All three programs require the applicant to be employed in the State of Rhode Island to be eligible. Qualified applicants receive annual awards that are sent directly to the holder of their student loan. To date, RISLA has received approximately \$2.4 million in funds for the programs.

RISLA issued \$34,750,000 in new bonds in FY 2014, which will be used to fund RISLA's education loan programs in FY 2015. RISLA also issued \$93,100,000 in Floating Rate Notes which were used to refund variable rate demand bonds supported by a letter of credit.

RISLA continues to hold and administer their portfolio of federally guaranteed Stafford, PLUS and Consolidation loans issued under the Federal Family Education Loan program which had a principal balance of \$392,989,999 at June 30, 2014.

## **FINANCIAL HIGHLIGHTS**

- RISLA was able to continue offering the Rhode Island Fixed Rate Loan to Rhode Island residents and students attending colleges and universities in Rhode Island. This is an industry leading fixed rate student loan that has been offered by RISLA for 22 years. RISLA originated approximately \$32 million in Rhode Island Fixed Rate loans in the fiscal year ended June 30, 2014 and was able to secure financing to originate another \$34,750,000 for the fiscal year ended June 30, 2015.
- Bonds payable decreased from \$762,799,000 on June 30, 2013 to \$698,572,000 on June 30, 2014. This represents a decrease of \$64,227,000 or 8.42%. In FY 2014, RISLA issued \$34,750,000 in new fixed rate bonds and \$93,100,000 in Floating Rate Notes. RISLA retired \$97,077,000 in bonds through redemptions of auction rate securities and other scheduled bond payments at par value and an additional \$95,000,000 was refinanced by the new Floating Rate Notes.
- RISLA services its own private loan portfolio (principal balance of approximately \$390 million at June 30, 2014) utilizing RISLA employees. Servicing its portfolio of private loans has resulted in better portfolio management, a reduction of defaulted borrowers, and lower servicing costs.
- RISLA's overall operating expenditures decreased by \$3.4 million. Approximately \$2 million of the decrease was attributable to a restatement of the prior year bond issuance costs per GASB Statement Number 65.
- The gain on the redemption of \$9,400,000 in auction rate bonds amounted to \$545,500 for the year ending June 30, 2014.

## **OVERVIEW OF THE FINANCIAL STATEMENTS**

The financial section of this annual report consists of three parts: management's discussion and analysis (this section), the basic financial statements and the notes to the financial statements, and other supplementary information.

The financial statements provide both long-term and short-term information about the Authority's overall financial status. The financial statements also include notes that explain key points in the financial statements and provide more detailed data. The statements are followed by a section of supplementary information that further explains and supports the information in the financial statements.

The Authority's financial statements are prepared in conformity with accounting principles accepted in the United States of America (GAAP) as applied to the government units on an accrual basis. Under this basis, revenues are recognized in the period in which they are earned, expenses are recognized in the period in which they are incurred, and depreciation of assets is recognized in the Statements of Revenues, Expenses, and Changes in Net Position. All assets and liabilities associated with the operation of the Authority are included in the Statement of Net Position.

The Statement of Net Position reports the Authority's net assets and how they have changed. Net position – the difference between the Authority's assets, deferred outflows of resources, liabilities and deferred inflows of resources – is one way to measure the Authority's financial health or position.

## **FINANCIAL ANALYSIS**

## NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2014 AND 2013

---

### NOTE 1 – DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### *ORGANIZATION*

The Rhode Island Student Loan Authority (the Authority) is a public instrumentality established in May 1981 by an Act of the Rhode Island General Assembly and therefore the Authority is a related organization of the State of Rhode Island for financial reporting purposes. The Authority was created for the purpose of providing a system of financial assistance for qualified students to enable them to obtain a post secondary education by attending public or private institutions. It has the power to issue negotiable notes and bonds to achieve its corporate purpose.

#### *BASIS OF ACCOUNTING*

The accounts of the Authority are maintained in accordance with the principles of proprietary fund accounting utilizing the accrual basis.

#### *INCOME TAXES*

The Authority is exempt from Federal and state income taxes.

#### *RECENTLY ISSUED ACCOUNTING STANDARDS BY THE GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB)*

The Authority has implemented GASB No. 65, Items Previously Reported as Assets and Liabilities, for the year ended June 30, 2014. See Note 13.

The Authority has implemented GASB No. 66 – Technical Corrections – 2012 – an amendment of GASB Statement No. 10 and No. 62, for the year ended June 30, 2014. The adoption of this Statement did not have an impact on the Authority's financial position or results of operations.

The Authority has implemented GASB No. 67 – Financial Reporting for Pension Plans – an amendment of GASB Statement No. 25, for the year ended June 30, 2014. The adoption of this Statement did not have an impact on the Authority's financial position or results of operations.

**NOTE 1 – DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

***RECENTLY ISSUED ACCOUNTING STANDARDS BY THE GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB) (CONTINUED)***

The Authority will adopt the following new accounting pronouncement in future years:

- ✓ GASB Statement No. 68 – Financial Reporting for Pensions – an amendment of GASB Statement No. 27, effective for the Authority’s fiscal year ending June 30, 2015.
- ✓ GASB Statement No. 69 – Government Combinations and Disposals of Government operations, effective for the Authority’s fiscal year ending June 30, 2015.
- ✓ GASB Statement No. 71 – Pension Transition for Contributions Made Subsequent to the Measurement Date – An Amendment to GASB Statement No. 68, effective for the Authority’s fiscal year ending June 30, 2015.

The impact of these pronouncements on the Authority’s financial statements has not been determined.

***DEBT ISSUANCE COSTS***

Debt issuance costs incurred in connection with bonds payable are reported as an expense in the year incurred.

***OPERATING AND NON-OPERATING REVENUES AND EXPENSES***

The Authority distinguishes between operating and non-operating revenues and expenses. Operating revenues and expenses generally result from providing services in connection with the Authority’s principal ongoing student loan operations. The Authority’s operating revenue is derived primarily from income on student loans consisting of loan interest and fee income. The Authority’s operating expenses are related to student loan origination and servicing activities and general administration. Non-operating revenue and expense are items not related to the ongoing operation of the student loan operations, such as gain on early retirement of bonds. Predominantly all items of revenue and expense are reported as operating revenues and expenses in the statement of revenue, expenses, and changes in net position.

***RESTRICTED VERSUS UNRESTRICTED RESOURCES***

When both restricted and unrestricted amounts are available for use, it is the Authority’s practice to use restricted resources first.

### NOTE 1 – DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *PROPERTY AND EQUIPMENT*

Property and equipment is stated at cost. The Authority provides for depreciation using the straight-line method over the estimated useful life of the asset. The Authority estimates the useful life for leasehold improvements to be the same as the term of the lease, three years for computer equipment and five years for furniture and fixtures. Depreciation expense for fiscal years 2014 and 2013 totaled \$59,720 and \$46,925, respectively. Capital assets are defined by the Authority, as assets with an individual cost of \$2,500 or more and an estimated useful life in excess of one year.

#### *STUDENT LOANS*

The Authority is a holder of federally guaranteed student loans under the Federal Family Education Loan Program (FFELP). The Authority also originates and holds student loans utilizing credit criteria approved by the rating agencies, and as applicable, the Authority's bond insurance company.

Student loans are carried at their uncollected principal balances and are reduced by an allowance for loan losses of \$49,098,415 and \$47,732,248 at June 30, 2014 and 2013, respectively. The allowance for loan losses is determined by management's evaluation of the student loan portfolios. This evaluation considers such factors as historical loss experience, quality of student loan servicing and collection, and economic conditions. When this evaluation determines that an exposure to loss is probable and reasonably estimated, a provision against current operations net of student loan recoveries is recorded. Actual losses are charged against the allowance for loan losses as they occur.

FFELP student loans and the accrued interest thereon purchased or originated by the Authority are fully guaranteed for loans disbursed prior to September 30, 1993 and are guaranteed at 98% for loans disbursed between October 1, 1993 and June 30, 2006, and are guaranteed at 97% for loans disbursed between July 1, 2006 and June 30, 2010. The Authority's FFELP loans are substantially insured by Rhode Island Higher Education Assistance Authority (RIHEAA). The Federal Government reinsures loans guaranteed by RIHEAA to the extent provided by regulatory guidelines.

#### *INTEREST ON LOANS RECEIVABLE*

Interest on loans receivable is calculated using the simple interest method. Interest is accrued on loans receivable from the date of the last repayment installment to the date of the financial statements. While the Authority continues to accrue interest due on all loans, the provision for loan losses factors in the potential uncollectability of both loan principal and accrued interest.

**NOTE 1 – DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

***BOND PREMIUM AND DISCOUNT***

The bond premium and discount are amortized (straight-line method) over the term of the bonds series to which it relates.

***BASIS OF PRESENTATION***

In order to ensure observances of limitations and restrictions placed on the use of resources available to the Authority, the accounts of the Authority are maintained in accordance with the principles of Fund Accounting. This is a procedure by which resources for various purposes are classified for accounting and reporting purposes into funds that are in accordance with activities or objectives specified. Separate accounts are maintained for each fund.

***CASH AND CASH EQUIVALENTS***

The Authority considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Under the Rhode Island General Law section 35-10.1, Rhode Island Collateralization of Public Deposits Act, the Authority must have their funds collateralized 100% for all time deposits with maturities over 60 days and for all deposits if the depository institution does not meet its minimum capital standards as required by its federal regulators.

***INVESTMENTS***

Investments are carried at fair value.

All of the bond series trust and indenture agreements require that cash and investments be held by the trustee for the benefit of the bondholders and their maturity is to coincide as nearly as practicable with payments due on bonds. Otherwise, uninvested monies are to be invested in available overnight investments. According to the indenture agreements, investments to be held by the trustee are limited to the following:

**NOTE 1 – DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

*ACCRUED ARBITRAGE REBATE LIABILITY (CONTINUED)*

Investment interest income is limited to the bond yield on certain tax-exempt bond issues. Interest income in excess of this limit has been reserved for rebate in accordance with applicable financing documents.

Investment interest income from student loans is limited to 2% over bond yield of the related tax-exempt bond issue. Student loans, including principal and accrued interest, and cash have been reserved for rebate in the amount of the interest income which exceeded the limit. The Authority can utilize the rebate liability through interest rate and loan forgiveness programs.

*DEFERRED OUTFLOWS/INFLOWS OF RESOURCES*

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate section represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense) until that later date. At June 30, 2014, there were no deferred outflows of resources.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate section represents the acquisition of net position that applies to a future period and therefor will not be recognized as an inflow of resources (revenue) until a later date. At June 30, 2014, the Authority had two items that qualified as a deferred inflow of resources in the statement of net position. The unavailable loan origination fees represent a 4% loan origination fee which is assessed at the time the loan enters a repayment status and is collected over the term of the loan. The unavailable loan origination fees included in the statement of net position was \$8,771,369 at June 30, 2014. The unavailable direct loan servicing represents a one-time up-front fee of \$715,000 (see note 8). The unavailable loan servicing included in the statement of net position was \$491,560 at June 30, 2014.

### NOTE 1 – DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *NET POSITION*

Net position comprises the various net earnings from operating and non-operating revenues, expenses and contributions of capital. Net position is classified in the following three components: net investment in capital assets; restricted; and unrestricted net position. Net investment in capital assets consists of all capital assets, net of accumulated depreciation and reduced by outstanding debt that is attributable to the acquisition, construction and improvement of those assets. Any debt related to unspent bond proceeds or other cash and investments is excluded from the determination. Restricted for debt service consists of net position for which constraints are placed thereon by external parties, such as lenders, grantors, contributors, laws, regulations and enabling legislation, including self-imposed legal mandates. Unrestricted consists of all other net position not included in the above categories.

The financial activity associated with each of the Authority's Student Loan Program Revenue Bonds is recorded in the trust established for each such bond issue. In accordance with the Pledge of Indenture, the accounts held by the trustee are restricted for the "equal and ratable benefit and security of the bondholders." All revenues derived from program activities are deposited in the revenue account applicable to each individual bond series as specified in the Pledge of Indenture. The trustee is then directed to pay items from the revenue account in specific priority order, including periodic transfers to the Authority's operating account in an amount sufficient to pay for its program expenses including: salaries, utilities, office rent, legal, accounting, and other related expenses. Such transfers to the Authority's operating account are limited in amount pursuant to the respective Bond issue trust indenture.

#### *USE OF ESTIMATES*

Accounting estimates are an integral part of the financial statements prepared by management and are based upon management's knowledge and experience about past and current events and assumptions about future events. The process used by management in formulating the accounting estimates is based upon information available to them and their projection of future events and transactions affecting the Authority. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Accordingly, actual results could differ from those estimates.

#### *RECLASSIFICATIONS*

Certain reclassifications have been made to the Authority's 2013 financial statements to conform to the 2014 presentation.

In addition, it discloses the total amount of funds which are insured by the Federal Deposit Insurance Corporation (FDIC). The Authority has adopted a deposit policy relating to a custodial credit risk. According to the policy, the deposit accounts will be with commercial banks that have acceptable collateral to cover any deposit in excess of the FDIC insurance coverage.

This program commenced on July 1, 2013 and is a fixed rate education loan available to parents only. The student is not required to be a signor on the loan. ***CUSTODIAL CREDIT RISK***

Custodial Credit Risk for investment securities is the risk that, in the event of the failure of the counterparty, the Authority will not be able to recover the value of their investments or collateral securities that are in possession of an outside party. According to the Authority's investment policy, funds held under a bond indenture or other security agreement will be invested following the current rating agency guidelines and with companies which comply with the ratings noted under Credit Risk.

***INTEREST RATE RISK***

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. According to the Authority's investment policy, the investment portfolio is structured so that the securities mature to meet cash requirements for ongoing operations and investment are primarily in money market funds backed with U.S. Treasury obligations. The Authority at June 30, 2014 has investments in guaranteed investment contracts as required by the bond indentures which have interest rates that are fixed for long periods and are subject to more variability in their fair value as a result of future changes in interest rates, as follows:

### NOTE 2 – CASH, CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

#### *CREDIT RISK*

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. According to the Authority's investment policy, funds will be invested in Investment Agreements permitted by the Authority's bond indentures. As of June 30, 2014, the Authority's investment in Transamerica Life Insurance Co. Guaranteed Investment Contract was rated AA- by Standard and Poor's and A1 by Moody's Investor Services. If the credit rating of the investment providers decline, the Authority can require the provider to post additional collateral and or other remedies to ensure performance. All the remaining investments are either obligations of the U.S. Government or explicitly guaranteed by the U.S. Government.

#### *CONCENTRATION OF CREDIT RISK*

Concentration of credit risk is the risk of loss attributed to the magnitude of the Authority's investments in a single issuer. According to the Authority's investment policy, investments will be diversified to minimize the impact of potential losses from concentration in a specific maturity, a specific issuer or specific class of security. The Transamerica Life Insurance (GIC) of \$1,711,600 represents 19% of the Authority's investments.

### NOTE 3 – LOANS RECEIVABLE

Loans receivable represent the unpaid portion of Federal Family Education Loans (FFELP) originated or purchased by the Authority. These loans are guaranteed by the Rhode Island Higher Education Assistance Authority (RIHEAA), a related party (Note 13), and other guarantors which have guarantee agreements covering all or a substantial portion of each loan with the U.S. Department of Education (DOE). The Authority also originates and holds state based private education loans for qualified students and their families.

The FFELP loans have both fixed and variable interest rates which are established by the DOE, and repayment terms which are dependent on the loan type. The return on FFELP loans that lenders actually realize is based on formulas administered by the DOE and is dependent on loan type and date of origination. Any payment by borrowers in excess of the formulas must be returned to the DOE for loans originated after April 1, 2006. The DOE subsidizes the interest for certain FFELP loans during the borrowers' in-school, in-grace, and authorized deferment periods. The subsidized interest rate is determined by a formula and based on indexes published by the U.S. Department of Education. The interest subsidy is included with interest income on loans receivable in the accompanying Statements of Revenues, Expenses and Changes in Net Position. The state based private loans have fixed and variable interest rates with repayment terms between 10 years from the date of disbursement to 15 years from the date the student is no longer enrolled in an eligible institution.

On September 27, 2013, the Authority signed a VCA with the IRS. The VCA relate to various bond issues from Series 1997-1 through Series 2006-2 (the Bonds). The closing agreement provides that the interest on the Bonds will remain excluded from gross income of the holders. The Authority also agreed to discontinue the practice of reallocating loans from one Bond issue to another Bond issue except as permitted by IRS regulations and that the Authority pay a settlement amount to the IRS. The closing agreement also provides that the Authority has no acquired purpose arbitrage liability on the Bonds.

Nelnet is also responsible for servicing the loans in a diligent manner according to regulations established by the DOE. This agreement is in effect until terminated or modified.

### NOTE 8 – LOAN SERVICING AGREEMENTS (CONTINUED)

In July 1992, the Authority entered into a servicing agreement with Pennsylvania Higher Education Assistance Authority (PHEAA) under which PHEAA collects and accounts for the principal and interest on the Rhode Island Family Education Loans placed with PHEAA for servicing for a monthly fee which is based on the number of loans in repayment status. PHEAA is also responsible for servicing the loans in a diligent manner according to the terms of the servicing contract. The agreement continues on a month to month basis until a new agreement is entered into.

In July 2010, the Authority entered into a servicing agreement with University Accounting Services (UAS) under which UAS provides access to their servicing system software and the Authority collects and accounts for the principal and interest on the private loans that the Authority originated. UAS is responsible for maintaining the servicing system. The fees charged are based upon the volume and types of loans being serviced on a monthly basis. The contract does call for certain payments to be processed by UAS and these transactions are charged on a per transaction basis. This agreement is in effect until terminated or modified.

In June 2003, the Authority entered into a servicing agreement with Great Lakes Educational Loan Services, Inc. (Great Lakes) under which Great Lakes collects and accounts for principal and interest on FFELP loans originated and purchased by the Authority and placed with Great Lakes for servicing for a monthly fee, which is detailed in the agreement. Great Lakes is also responsible for servicing loans in a diligent manner according to regulations established by DOE. This agreement is in effect until terminated or modified.

In December 2012 the Authority entered into a servicing agreement with Aspire Resources Inc. to perform all servicing activities related to Federal Student Loans that were allocated to the Authority as an eligible Not for Profit Servicer under the Health Care and Education Reconciliation Act of 2010 (HCERA). Aspire entered into a Memorandum of Understanding (MOU) with the Department of Education (DOE) and having satisfied the requirements of the MOU, they subsequently signed a contract with the DOE to service and manage federally-owned loan assets. The contract with the DOE allows Aspire to add the Authority as a Key Subcontractor. In March 2013, 100,000 borrower accounts were transferred to Aspire for servicing. Aspire is responsible for servicing all of the federal accounts according to the DOE Contract and pays the Authority a monthly fee based upon the borrower status of the loans being serviced. In addition, Aspire paid the Authority a one-time up-front fee of \$715,000 which is deferred and amortized over four years. This fee can be fully realized by the Authority only if the Authority does not initiate the opening of a call center to handle inbound and outbound borrower call volume. The contract expires March 31, 2017.

### **NOTE 8 – LOAN SERVICING AGREEMENTS (CONTINUED)**

After year two of the agreement, the Authority has the option to perform certain call center functions associated with loan servicing. If this option is exercised, the monthly payments made to the Authority will increase but will still be based upon the borrower status of the loans being serviced.

The Authority received \$397,048 and \$126,147 in revenue from Aspire to service the Federal Student Loans for the years ended June 30, 2014 and 2013, respectively.

### **NOTE 9 – DEFINED CONTRIBUTION RETIREMENT PLAN**

In July 1989, the Authority established a defined single-employer contribution plan named Rhode Island Student Loan Authority pursuant to Section 403 (b) of the Internal Revenue Code, which provides pension benefits for all of its full-time employees. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. The assets of the plan are held with the Teachers Insurance and Annuity Association and the College Retirement Equities Fund. Employees are eligible to participate on the first of the month following employment. The Authority contributes 10% of the employee's salary each month and all contributions and investment earnings are fully vested immediately. Employer contributions for 2014 and 2013 amounted to \$242,283 and \$244,101, respectively. Employee contributions for 2014 and 2013 amounted to \$141,956 and \$132,136 respectively. All plan provisions and amendments require Board approval. There are no post-retirement benefits for Authority employees.

### **NOTE 10 – RELATED PARTY TRANSACTIONS**

The Rhode Island Student Loan Authority is a related party to RIHEAA. RIHEAA is a public instrumentality created for the dual purpose of guaranteeing loans to students in eligible institutions and administering other programs of post-secondary student financial assistance assigned by law. RIHEAA is a component unit of the State of Rhode Island for financial reporting purposes. The outstanding FFELP loans guaranteed by RIHEAA was \$369,144,698 and \$423,231,633 at June 30, 2014 and 2013, respectively.

**NOTE 12 – SUBSEQUENT EVENT**

In August 2014, \$2,000,000 in outstanding bonds were retired at the Bonds stated par value. Except as noted in the preceding sentence, no other events required recognition or disclosure in the financial statements were identified as of October 27, 2014, the date the financial statements were available for issuance.

**NOTE 13 – RESTATEMENT**

Net position has been restated as of June 30, 2012 to reflect the implementation of GASB Statement No. 65 – *Items Previously Reported as Assets and Liabilities*. Implementation of this new standard resulted in the removal of bond issuance costs as an asset from the Statement of Net Position. Under GASB Statement No. 65, bond issuance costs (excluding bond insurance costs) are recorded as an expense in the year the costs are incurred rather than amortizing those costs over the life of the bond obligation. As a result, the unamortized bond issuance costs as of June 30, 2012 of \$3,825,103 have been retroactively removed from the opening net position balance. The following reflects the effect of implementation of GASB No. 65:

Net Position, June 30, 2012 as originally stated	\$ 122,221,328
Less write-off of bond issuance costs, net	<u>(3,825,103)</u>
<b>Net Position, June 30, 2012 as restated</b>	118,396,225
Add change in net position, June 30, 2013 as originally stated	18,620,620
Less 2013 bond issuance costs	(2,968,422)
Add 2013 bond issuance amortization expense	<u>1,867,392</u>
<b>Net Position, June 30, 2013 as restated</b>	<u><u>\$ 135,915,815</u></u>
